Objective

I am looking for opportunities such as internships or co-ops in the computer science field and have a particular interest in writing code. I am happy to learn any/ all programming languages/ techniques required of me if I do not yet meet the requirements listed.

Education

Northern Kentucky University, Highland Heights, KY
Bachelor of Science in Computer Science, May 2024

Campbell County High School, Alexandria, KY
High School Diploma, May 2020
Unweighted GPA: 4.0

Experience

No professional experience with coding or computer science, but I have experience with coding itself and understand the concepts behind it. I know:

- Java
- JavaScript
- Python
- HTML
- Git

I also understand programming ideas very quickly and do not need much, if any, explanation when introduced to new concepts.

Miscellaneous Work Experience:

Backroom Apparel Stocker, May 2020 – June 2020
Walmart, Alexandria, KY

- Stocked store shelves with clothes
- Moved overstock items to back room
- Organized and priced items
- Physically active throughout the day

Grill Cook, Feb 2020 – May 2020
McDonald's, Alexandria, KY

- Cooked food
- Interacted with customers
- Ensured legal food safety standards were maintained
